Gentlemen:

This will acknowledge your request for repair list. Over a period of years we have published some 50 repair lists covering our various models, therefore unless we have serial number and model of mowers for which you desire repairs we could not furnish price lists.

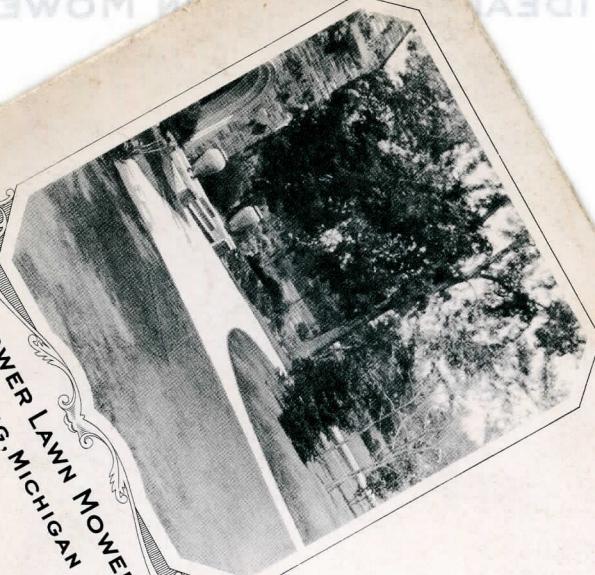

We would refer you to our distributors, Chicago Fence & Equipment Company, 4400 Addison Street, your city, who carry complete line of mowers and repairs and are in position to give your requirements prompt attention.

Yours very truly
